

Crown Point News

Happenings of a Day in Lake County's Lively Capital

John Fraas, Sr., has returned from a business trip to Chicago, on Wednesday.

Supt. W. S. Painter has resigned his position as superintendent of the Crown Point schools, and has accepted a similar position at the Mt. Vernon, Ind., schools. The school board has employed Prof. John W. Geisler of Winamac, to fill the position made vacant by Mr. Painter's resignation.

Band concert program, June 28: March—Alamo..... Huff

Waltz—My Memories.....Jaxon Song—Selected.....Edward Glover Overture—Silver Bell.....Claus Two-step—A Charge to Victory.....McFall

Waltz—La Albrera.....Huff Serenade—Poet's Dream.....Hall Oriental America Star Spangled Banner.

Albert Turner has gone to Winnetka, Ill., where he will superintend the construction of several houses which are being built by Dr. A. H. Farley of this city.

Mrs. Min Rockwell is entertaining the Housekeepers' club at her home this afternoon.

The second performance of "The Tyrolean Queen," given Tuesday evening at the Crown Point theatre, was more largely patronized than the first performance, and when the three evenings' receipts are counted a nice sum will be handed to the local Red Cross society.

Attorney L. L. Bomberger and Charles Surprise of Hammond, were doing business at the court house today.

Misses Margaret Meyer and Amelia Volk of this city left today for Manhattan, Ill., where they will spend a few days' vacation.

BACKACHE KILLS!

Don't make the fatal mistake of neglecting what may seem to be a "simple" backache. There isn't any such thing. It may be the first warning that your kidneys are not working properly, and throwing off the poisons as they should. If this is the case, go after the ly, or you may find yourself in the grip of an incurable disease.

GOLD MEDAL HAMMOND OIL CAPSULES will give almost immediate relief from kidney and bladder troubles, which may be the unsuspected cause of general ill health. GOLD MEDAL HAMMOND OIL CAPSULES are imported direct from the laboratories in Holland. They are prepared in correct quantity and convenient form to take, and are positively guaranteed to give prompt relief, or your money will be refunded. Get them at any drug store, but be sure to insist on the GOLD MEDAL brand, and take no other. In boxes, three sizes.—Adv.

today and yesterday caused workmen's shacks in the south end to be searched, but without results.

Mary's Description.

Mary is of the right height and weight for a child of six. She has dark brown hair, blue eyes, good teeth, fair complexion. Her attire consisted of a white calico dress, black stockings, black button shoes, and a black straw-trimmed with blue ribbons. The child attended school.

Talk of Public Aid.

Many parents, stirred by the case, have suggested that a public subscription be taken up to aid the parents in the search. Boguslawski cannot afford to hire private detectives or to send out literature regarding his daughter. Aid by the city council or the Commercial club has been suggested. The Boguslawski's have two other children, both of them small.

PROBE BIG GARY SEWER DEAL

The Gary superior court grand jury today began a probe into the notorious west side sewer contract, which has been attacked by Mayor Johnson as having been the subject for collusion proceedings on the part of contractors.

Subpoenas for present and former city officials, contractors and other persons have been issued. The sewer contract was first let to Helmy & Holben, then to the Illinois Improvement & Ballast Company, after the contractors had cut their original figures \$40,000. Citizens want to know why the contractors could cut the price so much.

COUNCIL MEETING

At a special meeting of the council of the city of East Chicago, held last night at the city hall with Mayor Callahan in the chair and all members except Stanley Raszkowski (who is ill) present, the following items of business were disposed of:

Eight hundred dollars for the department of finance to pay expenses of a hearing on property valuations before the state board at Indianapolis, should such a hearing be deemed advisable.

One thousand dollars was appropriated for the department of health and charities for miscellaneous purposes.

Two hundred dollars were appropriated for the department of finance to provide for the publication of ordinances, printing of improvement bonds and other expenses.

Two ordinances appropriating \$150 to each of the departments of finance and city court were reported in the hands of the committee. The committee was granted an extension of time to make a report.

An ordinance to prevent the vending of old, second hand, unsanitary clothing on the streets was passed on suspension of rules.

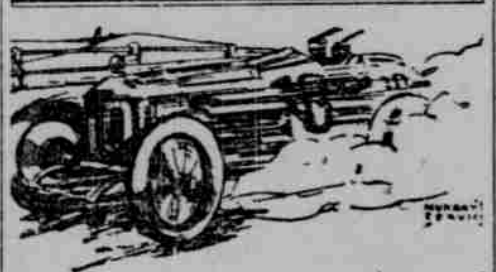

Nine hundred and thirty-four dollars was appropriated to pay Frank N. Gavitt for legal services in the case of the city against the East Chicago and Indiana Harbor Water company before the public service commission.

Certain dry territory on Block avenue, Indiana Harbor, was admitted to the wet district.

John H. Ross, as member of the school board, was elected to succeed himself. There were two nominations, the other one being Mrs. A. T. Cox. The vote stood five to four.

Volunteer! Do it today!

Enlist for the service you like this week.

REWARD FOR LOST CHILD

Poor Gary Steel Worker Scrapes Up \$100 as Reward for His Kidnapped Little Girl—No Trace as Yet.

Peter Boguslawski, the Gary steel worker whose missing six-year old daughter, Mary, is believed to have been kidnapped, has taken \$100 from his meager savings and has posted it as a reward for the recovery of his child. The distracted father has also made an appeal to THE TIMES to assist him in the search.

Little Mary, whose absence has attracted wide-spread attention, has been missing from home since last Friday evening. She was last seen leaving a grocery store at Sixteenth avenue and Rhode Island street, where her mother had sent her to buy buns. For two days following her disappearance a thorough search was made in the swamps and sand dunes around Gary, police, citizens, guardsmen and Boy Scouts assisting, but no trace of Mary was found.

Boguslawski informed THE TIMES that his wife had recalled a threat made by John Bieda, who is now missing. He said Bieda had demanded money from Mrs. Boguslawski and was refused.

"You'll remember me," Bieda is alleged to have stated. The belief is now that Bieda may have gone away with the child.

Chief Forbis of the Gary police,

NEW SHOES WON'T HURT AFTER THIS

Cincinnati man tells how to shrivel up corns so they lift out.

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.—Adv.

re-enlist, for I served on fifty-two ships in my career, and was on the gunboat Helena, during the Boxer uprising in China. I gave my whole life to Uncle Sam, for I was born a fighting man and want to die that way."

HARBOR MAN NABBED AS SPEEDER

Walter Stewart, 2302 137th street, Indiana Harbor, was arrested last evening at Fifth avenue and Massachusetts street, Gary, for speeding.

DO you ask that question when it comes to gasoline, or do you accept recommendations lightly made? Gasoline is the, most important factor of your automobile. It furnishes the energy which propels your car. You owe it to yourself and to your family, to give the gasoline question very serious consideration.

The Standard Oil Company of Indiana offers you Red Crown Gasoline—the best gasoline in the world. It is manufactured under a process developed from authoritative, scientific data, worked out by the most eminent petroleum chemists and automobile engineers in the world. Every batch is inspected before it leaves the refinery, and every batch is just like other batches, no matter what crude oil the Standard Oil Company has been forced by necessity to utilize.

The Standard Oil Company stands squarely back of Red Crown and guarantees its uniformity, no matter whether you get it in this state or the next state. You can depend upon it.

You cannot get a better gasoline, no matter what you pay.

Made, Recommended and Guaranteed by

STANDARD OIL COMPANY
